Calculating the Numerator- How many CRA children have either the Child Portion or the Family Portion of the FAST Tool completed in the Quarter?

- Child Portion of FAST
  - Take the list of children identified as CRA in the Quarter
  - Looks for child portion of the FAST for every CRA child on the list that has been done in the Quarter
  - We count this as being a completed Child Portion for the Quarter

- Family Portion of the FAST
  - Take the list of children identified as CRA in the Quarter and we match to them to the Family IDs
  - Look for family portion of the FAST for every Family ID that matches a child that has been identified in the Quarter
  - We count this as being a completed Family Portion for the Quarter

- The Numerator is the number of CRA children with one or the other
